Planning and Development

1. This Extension of Time will expire on July 7, 2008 unless another Extension of Time is approved by the Planning Commission.
2. Conformance to the Conditions of Approval for Rezoning (ZON-4003) as required by the Planning and Development Department and Department of Public Works.

**** STAFF REPORT ****

APPLICATION REQUEST

This is a request for an Extension of Time of an approved Rezoning (ZON-4003) from R-E (Residence Estates) to R-PD5 (Residential Planned Development – 5 Units per Acre) on 2.92 acres at 1700 South Buffalo Drive.

EXECUTIVE SUMMARY

This is the first Extension of Time application for the subject site. The applicant is proposing a two year Extension of Time for Rezoning (ZON-4003) and associated cases. The Rezoning was also approved with a related Site Development Plan Review (SDR-4004) and a Variance (VAR-4005). The applicant is also seeking an extension of time on these items as well. The applicant indicates that the Extension of Time is needed due to delays in the construction and design process. Therefore, the extension is needed prior to expiration of the subject Rezoning.

ANALYSIS

A) General Analysis and Discussion

This is the first Extension of Time for the subject Rezoning (ZON-4003). The Rezoning from R-E (Residence Estates) to R-PD5 (Residential Planned Development – 5 Units per Acre) was approved by the City Council on 07/07/04. There was an associated General Plan Amendment (GPA-4000), Variance (VAR-4005) and Site Development Plan Review (SDR-4004). The applicant indicates that there are delays in the construction and design process. Civil plans and a final map have not been submitted. Therefore, the Extension of Time can be supported to allow for additional time due to delays in the design and construction process.

B) Conditions of Approval from Rezoning (ZON-4003)

Planning and Development

1. The application shall be amended to R-PD5 with a maximum of 16 units.

2. A General Plan Amendment (GPA-4000) to an L (Low Density Residential) land use designation and a Variance (VAR-4005) to allow a reduced site area for R-PD zoning approved by the City Council.
3. A Resolution of Intent with a two-year time limit.
4. A Site Development Plan Review application approved by the Planning Commission or City Council prior to issuance of any permits, any site grading, and all development activity for the site.

Public Works

5. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.
6. Provide public sewer service to all lots within the development area.
7. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the recordation of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

FINDINGS

As there have been no notable changes on the site since the approval of the original application, staff has no objection to this request for an Extension of Time. A condition of approval has been added, which recommends that the extension be allowed for two years or until such time as another Extension of Time application is approved.
